

NEW ALBUM

SKY HIGH

Incredible new album is based on their time on tour last year. The many ups of being a famous band, and the pressures and responsibility that come with it.

Last year was the band biggest tour ever, with incredible performances in New York, Paris, Munich and Madrid.

This highly awaited album is very different from that of the last album, incorporating more indie and old school twist to its big hit.

Incredible producers and collaboration within the studio

Songs based on last year tour of Europe
